Introduction
The current Capalaba State College P&C objectives are to support the school in its endeavours to provide the best educational opportunities for our children by:

- Providing adequate resources and learning materials to all rooms/facilities so as to enhance our children’s learning in a positive and productive way;
- Optimising and enhancing the current use of infrastructure and facilities;
- Communicating the fundraising needs based on the long term plans for the school, detailing why the money is required and how it will be spent, and being accountable for the spend;
- Providing a forum for school community issues to be raised
